Professional Summary

Motivated diploma engineering student with hands-on experience in real-world web platforms, AI-integrated projects, and hackathon development. Worked on food delivery systems, cybersecurity awareness platforms, and offline AI-based solutions for rural applications. Passionate about building practical technology products with strong problem-solving and critical thinking skills.

Skills

Java, C++, JavaScript, HTML, CSS, React (Learning), Three.js (Beginner), Firebase, Frontend Development, Critical Thinking, Logical Thinking, Problem Solving, UI/UX Basics, Web Development

Projects & Experience

Sanghx.in — Food Delivery Platform

Full-Stack Development & Operations

- Worked on development and operations of a local food delivery platform.
- Handled frontend flow, customer ordering systems, and operational management.
- Platform achieved 200+ real customer orders within 20 days through organic growth.

EatLo.food — Food Delivery Platform

Development Collaboration

- Worked alongside the EatLo.food development initiative on frontend and platform improvements.
- Contributed to real-world food delivery workflow understanding and platform execution.

Cyber Raksha v1 & v2

Cybersecurity Awareness Platform

- Contributed to development of cybersecurity awareness solutions across app, PC app, and website platforms.
- Project received the Diamond Award at GHRSTU INNOVEX-26 state-level competition.

Pashu Raksha

Offline AI Livestock Disease Detection

- Helped build an offline-first AI livestock disease detection solution within 24 hours.
- Worked on application flow, chatbot functionality, and rural usability concepts.
- Project reached Top 16 among 800+ teams at Sankalp Bharat 2026.

Achievements

- 1st Diamond Award — GHRSTU INNOVEX-26 State-Level Competition
- Top 16 — Sankalp Bharat 2026 National Hackathon
- Worked on real-world startup and AI-based platforms
- Built and shipped multiple functional projects under hackathon timelines

Education

Diploma Engineering (Polytechnic), 2nd Year — Brahmanand Karanjekar Institute of Technology, Sakoli
